

Bonjour !

The summer programming season for children is approaching quickly. This year we prepared 33 programs in 26 branches under **Summer Wonder** banner.

I include a bilingual flyer for your reference. Please share the information included in the flyer with other parents or teachers or a school if you can. This way you will help us to promote Summer Wonder in French.

Please take note that one of our programs needed to be changed:

<https://www.torontopubliclibrary.ca/detail.jsp?Entt=RDMEVT350274&R=EVT350274>

As in previous years, in addition to the French programs offered each summer, there is also a reading contest **TD SRC French Reading Challenge**.

The reports (see an attachment) will be available at each library as soon as the clubs start (June 23). Children are encouraged to complete a report each time they read a book in French and return their reports to the library.

Every child who fills a report has a chance to win a prize at the end of the summer. In addition, the library branch that receives the higher number of reports during the summer will be awarded with an additional French program in the fall.

The libraries will start accepting the reports on June 23rd.

For more information on reading activities - the TD SRC French Reading Challenge - please contact my colleague Alana Reiterowski, areiterowski@torontopubliclibrary.ca Children's Programming Librarian, who plays the lead role in running this project.

I hope see your child / your children enjoying summer with us!

Merci,
Peter
